SANDPIPER BAY AREA includes everything South of Port St. Lucie Blvd, East of the river and West of US Hwy 1. This is the original center of the development of PSL by General Development in the 1960's. It was and still is the best location in PSL. It was long considered the GEM of the area, closest to the ocean and on the river. Sandpiper Bay is about 5 sq. miles and over 3000 homes (including 9 Homeowner Associations), three golf courses, two marinas and an accessible international resort (Club Med). Our residents really believe this is the best place to live in all Port St. Lucie. Our members join SBC to help keep it that way.
